INTRODUCTION

Socal Climate Control & Mechanical, Inc. (hereinafter "Debtor") is the Debtor in a Chapter 11 Subchapter V bankruptcy case. On March 8, 2024, Debtor commenced a bankruptcy case by filing a voluntary petition under Chapter 11 Subchapter V of the United States Bankruptcy Code ("Code"), 11 U.S.C. § 101 et seq. Subchapter V of Chapter 11 allows a debtor to propose a plan of reorganization which sets forth how a debtor will treat claims and exit bankruptcy. A plan may provide for a debtor to reorganize by continuing to operate, to liquidate by selling assets of the estate, or a combination of both. The Debtor is the party proposing this plan (the "Plan").

This Plan is a plan of reorganization. In other words, the Debtor seeks to make payments under the Plan to holders of allowed claims. The timing of payments to particular creditor groups will depend upon their classification under the Plan. The Effective Date of the Plan is the first business day which is fourteen (14) calendar days following the date of entry of the order confirming the Plan unless a stay of confirmation order is in effect, in which case the Effective Date will be the first business day after the date on which the stay of confirmation order has been lifted, provided that the confirmation order has not been vacated, with the payment(s) beginning by the first day of the following month.

The Plan cannot tell you everything about your rights. You should consider consulting your own lawyer to obtain more specific advice on how this Plan will affect you and what is the best course

of action for you.

A. Deadlines for Voting and Objecting; Date of Plan Confirmation Hearing

THE COURT HAS NOT YET CONFIRMED THE PLAN. IN OTHER WORDS, THE TERMS OF THE PLAN ARE NOT YET BINDING ON ANYONE. HOWEVER, IF THE COURT LATER CONFIRMS THE PLAN, THEN THE PLAN WILL BE BINDING ON THE DEBTOR AND ON ALL CREDITORS AND INTEREST HOLDERS IN THIS CASE.

1. Time and Place of the Confirmation Hearing

The hearing where the Court will determine whether or not to confirm the Plan will take place on September 10, 2024 at 1:30 p.m. in Courtroom 303, 21041 Burbank Blvd., Woodland Hills, California 91367.

2. Deadline For Voting For or Against the Plan

If you are entitled to vote, it is in your best interest to timely vote on the enclosed ballot and return the ballot to Thomas B. Ure at Ure Law Firm. Ballots can be submitted at the following physical address:

Ure Law Firm, APC

Attn: Thomas B. Ure

8280 Florence Avenue, Suite 200

Downey, California 90240.

Alternatively, ballots can be emailed to the following address:

tom@urelawfirm.com

The deadline to return ballots has passed. However, the original plan incorrectly classified certain creditors as unimpaired and, therefore, not entitled to vote. The following

creditors are impaired and, therefore, entitled to vote:

1. Rapid Duct;

- 2. Rapid Permit;
- 3. Sigler Group.

If those creditors wish to cast a ballot, those ballots must be received by September 3, 2024 or it will not be counted.

3. Deadline for Objecting to the Confirmation of the Plan

Objections to the confirmation of the Plan must be filed with the Court and served upon Thomas B. Ure at Ure Law Firm. The contact information for Thomas B. Ure is 8280 Florence Avenue, Suite 200, Downey, California 90240. The deadline to file an objection to the amended plan is August 27, 2024.

4. Identity of Person to Contact for More Information Regarding the Plan

Any interested party desiring further information about the Plan should contact counsel for Debtor, Thomas B. Ure at Ure Law Firm. The contact information for Thomas B. Ure is 8280 Florence Avenue, Suite 200, Downey, California 90240, Telephone 213-202-6070 or e-mail tom@urelawfirm.com.

C. Events Leading to Chapter 11 Filing

Debtor's business suffered temporary cash flow issues caused by a severe decline in sales due to the slowing of the consumer economy in the residential HVAC market nationwide. In addition, Debtor's expenses increased due to an increase in the cost of HVAC equipment caused by Covid 19 supply chain interruption and new state and federal efficiency regulations, lead generation, fuel, labor and insurance. Overhead for the business also increased along with increases in interest rates and lowering of consumer financing approvals which caused cash flow issues resulting in the company taking out several high interest merchant credit accounts and falling behind on vendor and creditor payments which necessitated the need to file bankruptcy. To supplement the income lost, SCCM borrowed nearly \$340,000 from accounts receivable lenders ("Merchant Cash Advance Loans"). The service on this debt was nearly \$15,000.00 per week. As a result, SCCM has found it short on cash and unable to meet its regular operating expenses such as payroll, insurance, and materials and supplies.

D. Description of the Available Assets and Their Value

A list of all of the Debtor's assets is attached hereto as Exhibit "A". The Debtor's assets have an approximate value of \$739,234.70. See Exhibit A for details.

E. Current and Historical Financial Conditions

Historical financial information during the pendency of this case as well as Debtor's projection of income and expenses during the term of the Plan is set forth in Exhibit B.

<u>III.</u>

SUMMARY OF THE PLAN OF REORGANIZATION

A. What Creditors and Interest Holders Will Receive Under This Plan

As required by the Bankruptcy Code, the Plan classifies claims and interests in various classes according to their right to priority. The Plan states whether each class of claims or interests is impaired or unimpaired. The Plan provides the treatment each class will receive.

B. Unclassified Claims

Certain types of claims are not placed into voting classes; instead they are unclassified. They are not considered impaired and they do not vote on the Plan because they are automatically entitled to specific treatment provided for them in the Bankruptcy Code. As such, the Debtor has not placed the following claims in a class.

1. Administrative Expenses

Administrative expenses are claims for costs or expenses of administering the Debtor's Chapter 11 case which are allowed under Code section 507(a)(1). The Code requires that all administrative claims be paid on the Effective Date of the Plan, unless a particular claimant agrees to a different treatment.

The following chart lists <u>all</u> of the Debtor's \$507(a)(1) administrative claims and their treatment under the Plan:

Administrative Priority	Amount Owed	Proposed Treatment
Claimholder		

Case 1:24-bk-10371-MB Doc 99 Filed 08/20/24 Entered 08/20/24 17:41:50 Desc Main Document Page 10 of 52

Thomas B. Ure (Attorney	\$60,000.00 (estimated)	Once fees have been
for Debtor)		approved by the Court,
		Debtor shall
		immediately pay any
		balance due from
		available cash on hand.
SubV Trustee Fees	\$15,000.00 (estimated)	Once fees have been
		approved by the
		Court, Debtor shall
		immediately pay any
		balance due from
		available cash on
		hand.
Clerk's Office Fees	\$0.00 (estimated)	Paid when due.

Court Approval of Fees Required:

The Court must rule on all fees listed in this chart before the fees will be owed. For all fees except Clerk's Office fees and U.S. Trustee's fees, the professional in question must file and serve a properly noticed fee application and the Court must rule on the application. Only the amount of fees allowed by the Court will be owed and required to be paid under this Plan.

The Debtor will pay administrative claims incurred in the ordinary course of business in the ordinary course of business, when due and pursuant to their terms. Any other unpaid administrative claims will be paid upon the latter of the Effective

Date or entry of an order allowing such administrative claim (unless the claimant and Debtor agree otherwise).

Unpaid administrative claims on the Effective Date of the Plan will be paid from any cash on hand and from funds in Debtor's counsel trust account. Any remaining claims will be paid from Debtor's monthly disposable until paid in full and prior to any distribution to general unsecured creditors in Class 3.

2. Priority Tax Claims

Priority tax claims are certain unsecured income, employment and other taxes described by Code Section 507(a)(8). The Code requires that each holder of such a 507(a)(8) priority tax claim receive the present value of such claim in deferred cash payments, over a period not exceeding five years from the petition date.

a. Internal Revenue Service

A claim was filed by the Internal Revenue Service ("IRS") based on missing tax returns but Debtor has since filed the tax returns and does not believe there is any tax liability. The Debtor expects the IRS to file an amended claim. However, for purposes of confirmation, Debtor is prepared to pay the filed claim of the IRS in the amount of \$1,500.22 with the current statutory rate of interest (published rate is 8% from July 1, 2024 through September 30, 2024) in equal monthly payments such that the Allowed Priority claim is paid within five years from the petition date. The Debtor anticipates 54 monthly payments of \$33.17. The first payment shall be due on the First Business Day of the calendar month following the Effective Date. The administrative costs of objecting to this claim would likely exceed paying the claim and, therefore, no

objection to the claim will be filed.

b. Franchise Tax Board

A claim was filed by the Franchise Tax Board ("FTB") with an asserted priority claim of \$26,940.05. Payments of the FTB Priority Tax claim shall be made with the current statutory rate of interest (published rate is 8% from July 1, 2024 through December 31, 2024) in equal monthly payments such that the Allowed Priority claim is paid within five years from the petition date. The Debtor anticipates 54 monthly payments of \$595.71. The first payment shall be due on the First Business Day of the calendar month following the Effective Date.

c. Los Angeles County Treasurer & Tax Collector

A claim was filed by the Los Angeles County Treasurer & Tax Collector ("LACTTC") with an asserted priority claim of \$359.81. Payments of the LACTTC claim shall be made with the current statutory rate of interest (18%) in equal monthly payments such that the Allowed Priority claim is paid within five years from the petition date. The Debtor anticipates 54 monthly payments of \$9.77. The first payment shall be due on the First Business Day of the calendar month following the Effective Date.

C. Classified Claims and Interests

Treatment: Sigler was listed as a secured creditor in the schedules and the claim was not listed as disputed. No Proof of Claim was filed. Sigler's claim was assigned postpetition to L.A. Commercial Group, Inc. and a civil lawsuit was filed in the North Valley District Superior Court of California, County of Los Angeles against Tammy Navarro and Carey Mead (insiders of Debtor) based on their personal guarantees of this account. The pending civil case asserts a principal balance of \$34,783.72 plus attorney fees in the amount of \$1,433.51 and collection costs in the amount of \$12,174.30. Debtor has filed Amended Schedules D & E/F which moves this claim from secured to unsecured and reduces the claim amount to \$34,783.72. The remaining portion of the claim for collection costs and attorney's fees is disputed.

- 20 | Insider/Not an Insider: Not an insider.
- 21 | Impaired/Not Impaired: Impaired.
- 22 Treatment: The treatment of class 1m shall be for Debtor to 23 pay the secured portion of the claim with 5% annual interest over
- $24 \parallel 60$ months with monthly payments of \$367.99.

25 2. Class 2 - Classes of Priority Unsecured Claims

Certain priority claims that are referred to in Code Sections 507(a)(3), (4), (5), (6), and (7) are required to be placed in

classes. These types of claims are entitled to priority treatment as follows: the Code requires that each holder of such a claim receive cash on the Effective Date equal to the allowed amount of such claim. However, a class of unsecured priority claim holders may vote to accept deferred cash payments of a value, as of the Effective Date, equal to the allowed amount of such claims.

Debtor does not believe that any such claims exist.

3. Class 3 - Classes of General Unsecured Claims

General unsecured claims are unsecured claims not entitled to priority under Code Section 507(a).

Description

In the present case, the Debtor estimates that Class 3 general unsecured debt totals \$829,976.64 (see Exhibit C hereto for detailed information about each general unsecured claim).

15 | Insiders/Not Insiders: Not an insider.

Impaired/Not Impaired: Impaired.

Treatment:

Class 3 will be paid in full pro rata over sixty (60) monthly with a estimated monthly payment of \$13,832.94. Debtor's projected disposable income for the 60 months after the effective date of the plan projects that these payments are feasible (see Exhibit B). Payments to Class 3 will not commence until administrative claims have been paid in full. Debtor scheduled an unsecured claim of David Posner in the amount of \$150,000.00. It has since been determined that Debtor is not liable on the Posner loan and the liability is for Debtor's insider only. No Proof of Claim was filed by David Posner. No distribution will

be made to David Posner through Debtor's plan.

D. Allowance and Disallowance of Claims

1. Disputed Claim

A disputed claim is a claim that has not been allowed or disallowed, and as to which either:

- (i) a proof of claim has been filed or deemed filed, and the Debtor or another party in interest has filed an objection; or
- (ii) no proof of claim has been filed, and the Debtor has scheduled such claim as disputed, contingent, or unliquidated.

No distribution will be made on account of a disputed claim unless such claim is allowed. If a disputed claim becomes allowed, it will be paid from the disputed claims reserve (see section E below for more information on the disputed claims reserve).

The Debtor will have the power and authority to settle and compromise a disputed claim with Court approval and compliance with Rule 9019 of the Federal Rules of Bankruptcy Procedure.

E. Disputed Claims Reserve

To the extent that there are any disputed claims, the Debtor shall create a reserve account (the "Disputed Claim Reserve"), in an amount sufficient to satisfy each disputed claim in a manner consistent with the claim's treatment under this Plan should the claim ultimately become an allowed claim. Debtor asserts the amount of Disputed Claims is \$130,851.80 and, therefore, Debtor will set aside \$2,180.86 per month for 60 months to establish a

Disputed Claim Reserve.

F. Treatment of Equity Interest Holders

Upon confirmation of this Plan, the existing equity interest holders of Debtor shall retain their equity interest in the reorganized Debtor with the same ownership percentage as held on the petition date, subject to the terms and conditions of this Plan.

G. Means of Effectuating the Plan

1. Funding for the Plan

The Plan will be funded from Debtor's continued operations.

2. Post-confirmation Management

Post-confirmation management shall remain the same as the current management which consists of Tammy Navarro, Carey Mead and Michael Molloy.

3. Disbursing Agent

Debtor shall act as the disbursing agent even if the plan is confirmed under section 1191(b). The Debtor will not be compensated for acting as the disbursing agent.

H. Risk Factors

The proposed Plan has the following risks:

Business income has and may continue to fluctuate with the economic conditions as well as the seasonal nature of Debtor' business.

I. Other Provisions of the Plan

1. Executory Contracts and Unexpired Leases

a. Assumptions

Debtor does not have any leases to assume or reject.

Case 1:24-bk-10371-MB Doc 99 Filed 08/20/24 Entered 08/20/24 17:41:50 Desc Main Document Page 24 of 52

If you object to assumption of your lease by the Debtor or to the proposed cure amount, then you must file an objection to the Plan no later than two weeks prior to the confirmation hearing. The Court has not yet set the date for a confirmation hearing. Separate notice of the date for the confirmation hearing and the deadline to object to confirmation will be provided by Debtor.

b. Rejections

Except for executory contracts and unexpired leases that have been assumed, and if applicable assigned, before the effective date, or that are the subject of a pending motion to assume, and if applicable assign, the Debtor will be conclusively deemed to have rejected all executory contracts and unexpired leases as of the effective date.

THE BAR DATE FOR FILING A PROOF OF CLAIM BASED ON A CLAIM ARISING FROM THE REJECTION OF A LEASE OR CONTRACT IS THIRTY DAYS FROM THE EFFECTIVE DATE. Any claim based on the rejection of a contract or lease will be barred if the proof of claim is not timely filed, unless the Court later orders otherwise.

2. Retention of Jurisdiction.

The Court will retain jurisdiction to the extent provided by law.

J. Tax Consequences of Plan

CREDITORS AND INTEREST HOLDERS CONCERNED WITH HOW THE PLAN MAY AFFECT THEIR TAX LIABILITY SHOULD CONSULT WITH THEIR OWN ACCOUNTANTS, ATTORNEYS, AND/OR ADVISORS. The following disclosure of possible tax consequences is intended solely for the purpose of alerting readers about possible tax issues this Plan may

Case 1:24-bk-10371-MB Doc 99 Filed 08/20/24 Entered 08/20/24 17:41:50 Desc Main Document Page 25 of 52

present to the Debtor. The Proponent CANNOT and DOES NOT represent that the tax consequences contained below are the only tax consequences of the Plan because the Tax Code embodies many complicated rules which make it difficult to state completely and accurately all the tax implications of any action.

Debtor does not anticipate that confirmation of the Plan will have a significant or material effect on its tax liability.

Debtor makes no representations regarding the potential tax consequences to any creditor or other party.

CONFIRMATION REQUIREMENTS AND PROCEDURES

IV.

PERSONS OR ENTITIES CONCERNED WITH CONFIRMATION OR THIS PLAN SHOULD CONSULT WITH THEIR OWN ATTORNEYS BECAUSE THE LAW ON CONFIRMING A PLAN OF REORGANIZATION IS VERY COMPLEX. The following discussion is intended solely for the purpose of alerting readers about basic confirmation issues, which they may wish to consider, as well as certain deadlines for filing claims. The proponent CANNOT and DOES NOT represent that the discussion contained below is a complete summary of the law on this topic.

Many requirements must be met before the Court can confirm a Plan. Some of the requirements include that the Plan must be proposed in good faith, acceptance of the Plan, whether the Plan pays creditors at least as much as creditors would receive in a Chapter 7 liquidation, and whether the Plan is feasible. These requirements are not the only requirements for confirmation.

A. Who May Vote or Object

1. Who May Object to Confirmation of the Plan

Any party in interest may object to the confirmation of the Plan, but as explained below not everyone is entitled to vote to accept or reject the Plan.

2. Who May Vote to Accept/Reject the Plan

A creditor or interest holder has a right to vote for or against the Plan if that creditor or interest holder has a claim which is both (1) allowed or allowed for voting purposes and (2) classified in an impaired class.

a. What Is an Allowed Claim/Interest

As noted above, a creditor or interest holder must first have an <u>allowed claim or interest</u> to have the right to vote. Generally, any proof of claim or interest will be allowed, unless a party in interest brings a motion objecting to the claim. When an objection to a claim or interest is filed, the creditor or interest holder holding the claim or interest cannot vote unless the Court, after notice and hearing, either overrules the objection or allows the claim or interest for voting purposes.

THE BAR DATE FOR FILING A PROOF OF CLAIM IN THIS CASE WAS MAY 17, 2024 FOR NON-GOVERNMENTAL AGENCIES AND IS SEPTEMBER 4, 2024 FOR GOVERNMENTAL AGENCIES. A creditor or interest holder may have an allowed claim or interest even if a proof of claim or interest is not timely filed. A claim is deemed allowed if (1) it is scheduled on the Debtor's schedules and such claim is not scheduled as disputed, contingent, or unliquidated, and (2) no party in interest has objected to the claim. An interest is deemed allowed if it is scheduled and no party in interest has objected to the interest. Consult Exhibits C to see how the Debtor has

characterized your claim or interest.

b. What Is an Impaired Claim/Interest

As noted above, an allowed claim or interest only has the right to vote if it is in a class that is <u>impaired</u> under the Plan. A class is impaired if the Plan alters the legal, equitable, or contractual rights of the members of that class. For example, a class comprised of general unsecured claims is impaired if the Plan fails to pay the members of that class 100% of what they are owed on the effective date of the plan.

In this case, Debtor asserts that classes 1a, 1b, 1c, 1d, 1e, 1f, 1h, 1m and 3 are impaired and that holders of claims in each of these classes are therefore entitled to vote to accept or reject the Plan. Parties who dispute the Debtor's characterization of their claim or interest as being impaired or unimpaired may file an objection to the Plan contending that the Debtor has incorrectly characterized the class.

3. Who is Not Entitled to Vote

The following four types of claims are <u>not</u> entitled to vote: (1) claims that have been disallowed; (2) claims in unimpaired classes; (3) claims entitled to priority pursuant to Code sections 507(a)(1), (a)(2), and (a)(8); and (4) claims in classes that do not receive or retain any value under the Plan. Claims in unimpaired classes are not entitled to vote because such classes are deemed to have accepted the Plan. Claims entitled to priority pursuant to Code sections 507(a)(1), (a)(2), and (a)(7) are not entitled to vote because such claims are not placed in classes and they are required to receive certain treatment specified by the

Code. Claims in classes that do not receive or retain any value under the Plan do not vote because such classes are deemed to have rejected the Plan. EVEN IF YOUR CLAIM IS OF THE TYPE DESCRIBED ABOVE, YOU MAY STILL HAVE A RIGHT TO OBJECT TO THE CONFIRMATION OF THE PLAN.

4. Who Can Vote in More Than One Class

A creditor whose claim has been allowed in part as a secured claim and in part as an unsecured claim is entitled to accept or reject a Plan in both capacities by casting one ballot for the secured part of the claim and another ballot for the unsecured claim.

5. Votes Necessary to Confirm the Plan

If there is an impaired claim or claims and none vote in favor of the plan, Section 1191(b) provides that a non-consensual plan may be confirmed if it does not discriminate unfairly, and the plan is fair and equitable, with respect to each class of claims or interests that is impaired and has not accepted the plan. Cramdown confirmation is possible in subchapter V cases even if § 1129(a)(10) is not satisfied and no impaired class of creditors accepts the plan.

6. Votes Necessary for a Class to Accept the Plan

A class of claims is considered to have accepted the Plan when more than one-half (1/2) in number and at least two-thirds (2/3) in dollar amount of the claims which actually voted, voted in favor of the Plan. A class of interests is considered to have accepted the Plan when at least two-thirds (2/3) in amount of the interest-holders of such class which actually voted, voted to

accept the Plan.

7. Treatment of Non-Accepting Classes

As noted above, even if <u>all</u> impaired classes do not accept the proposed Plan, the Court may nonetheless confirm the Plan if the nonaccepting classes are treated in the manner required by the Code. The process by which nonaccepting classes are forced to be bound by the terms of the Plan is commonly referred to as The Code allows the Plan to be "crammed down" on "cramdown." nonaccepting classes of claims or interests if it meets all consensual requirements except the voting requirements of 1129(a)(8) and if the Plan does not "discriminate unfairly" and is "fair and equitable" toward each impaired class that has not voted to accept the Plan as referred to in 11 U.S.C. § 1129(b) and applicable case law.

8. Request for Confirmation Despite Non-Acceptance by Impaired Classes

The party proposing this Plan may ask the Court to confirm this Plan by cramdown on impaired classes if any of these classes do not vote to accept the Plan. As stated in section 7 above, the Code allows the Plan to be "crammed down" on nonaccepting classes of claims or interests if it meets all consensual requirements except the voting requirements of 1129(a)(8) and if the Plan does not "discriminate unfairly" and is "fair and equitable" toward each impaired class that has not voted to accept the Plan as referred to in 11 U.S.C. § 1129(b) and applicable case law.

In order for a plan to be considered "fair and equitable" under Section 1129(b)(1), it must meet the following requirements:

- The plan must provide each class of creditors with at least as much as they would receive under a Chapter 7 liquidation.
- The plan must not discriminate unfairly between different classes of creditors.
- The plan must be feasible, meaning that it is likely that the debtor will be able to carry out the plan.

If a plan meets these requirements, the court may confirm it even if it is rejected by one or more classes of creditors. This gives the debtor more flexibility in negotiating a plan that is in the best interests of the company and its creditors.

B. Liquidation Analysis

Another confirmation requirement is the "Best Interest Test", which requires a liquidation analysis. Under the Best Interest Test, if a claimant or interest holder is in an impaired class and that claimant or interest holder does not vote to accept the Plan, then that claimant or interest holder must receive or retain under the Plan property of a value not less than the amount that such holder would receive or retain if the Debtor were liquidated under Chapter 7 of the Bankruptcy Code.

In a Chapter 7 case, debtor's assets are usually sold by a Chapter 7 trustee. Secured creditors are paid first from the sales proceeds of properties on which the secured creditor has a lien. Administrative claims are paid next. Next, unsecured creditors are paid from any remaining sales proceeds, according to their rights to priority. Unsecured creditors with the same priority share in proportion to the amount of their allowed claim in

relationship to the amount of total allowed unsecured claims. Finally, interest holders receive the balance that remains after all creditors are paid, if any.

For the Court to be able to confirm this Plan, the Court must find that all creditors and interest holders who do not accept the Plan will receive at least as much under the Plan as such holders would receive under a Chapter 7 liquidation. Debtor maintains that this requirement is met here due to the fact that Debtor's plan proposes to pay all creditors in full.

Attached as Exhibit A is a copy of the list of assets as well as the liquidation analysis.

C. Feasibility

Another requirement for confirmation involves the feasibility of the Plan, which means that confirmation of the Plan is not likely to be followed by the liquidation, or the need for further financial reorganization, of the Debtor or any successor to the Debtor under the Plan, unless such liquidation or reorganization is proposed in the Plan.

There are at least two important aspects of a feasibility analysis. The first aspect considers whether the Debtor will have enough cash on hand on the Effective Date of the Plan to pay all the claims and expenses which are entitled to be paid on such date. The Debtor will have sufficient funds available from its rental income. See attached income and expense projections which attached as Exhibit B.

The second aspect considers whether the Debtor will have enough cash over the life of the Plan to make the required Plan

payments.

The Debtor has provided financial statements which include projected financial information as well as historical financial information. Please refer to Exhibit B for the relevant financial statements.

YOU ARE ADVISED TO CONSULT WITH YOUR ACCOUNTANT OR FINANCIAL ADVISOR IF YOU HAVE ANY QUESTIONS PERTAINING TO THESE FINANCIAL STATEMENTS.

v.

EFFECT OF CONFIRMATION OF PLAN

A. Discharge

If the Debtor's Plan is confirmed under § 1191(a), on the effective date of the Plan, the Debtor will be discharged from any debt that arose before confirmation of this Plan, to the extent specified in § 1141(d)(1)(A) of the Code, except that the Debtor will not be discharged of any debt:

- (i) imposed by this Plan; or
- (ii) to the extent provided in § 1141(d)(6).

If the Debtor's Plan is confirmed under § 1191(b), confirmation of this Plan does not discharge any debt provided for in this Plan until the court grants a discharge on completion of all payments due within the first 3 years of this Plan, or as otherwise provided in § 1192 of the Code. The Debtor will not be discharged from any debt:

(i) on which the last payment is due after the first 3 years of the plan, or as otherwise provided in § 1192;

or

(ii) excepted from discharge under § 523(a) of the Code, except as provided in Rule 4007(c) of the Federal Rules of Bankruptcy Procedure.

B. Revesting of Property in the Debtor

Except as provided elsewhere in the Plan, the confirmation of the Plan revests all of the property of the estate in the Debtor.

C. Modification of Plan

The Debtor of the Plan may modify the Plan at any time before confirmation. However, the Court may require revoting on the Plan.

If a plan has been confirmed under section 1191(a) of this title, the debtor may modify the plan at any time after confirmation of the plan and before substantial consummation of the plan, but may not modify the plan so that the plan as modified fails to meet the requirements of sections 1122 and 1123 of this title, with the exception of subsection (a)(8) of such section 1123. The plan, as modified under this subsection, becomes the plan only if circumstances warrant the modification and the court, after notice and a hearing, confirms the plan as modified under section 1191(a) of this title.

If a plan has been confirmed under section 1191(b) of this title, the debtor may modify the plan at any time within 3 years, or such longer time not to exceed 5 years, as fixed by the court, but may not modify the plan so that the plan as modified fails to meet the requirements of section 1191(b) of this title. The plan as modified under this subsection becomes the plan only if

circumstances warrant such modification and the court, after notice and a hearing, confirms such plan, as modified, under section 1191(b) of this title.

D. Post-Confirmation Status Report

Within 120 days of the entry of the order confirming the Plan, Debtor shall file a status report with the Court explaining what progress has been made toward consummation of the confirmed Plan unless the Court sets a post confirmation status conference in which case debtor shall comply with applicable local bankruptcy rules regarding deadlines for filing such a report. The status report shall be served on the United States Trustee, the twenty largest unsecured creditors, and those parties who have requested special notice. Further status reports shall be filed every 120 days and served on the same entities.

E. Quarterly Fees

No quarterly fees are required for SubV cases.

F. Post-Confirmation Conversion/Dismissal

A creditor or party in interest may bring a motion to convert or dismiss the case under § 1112(b), after the Plan is confirmed, if there is a default in performing the Plan. If the Court orders, the case converted to Chapter 7 after the Plan is confirmed, then all property that had been property of the Chapter 11 estate, and that has not been disbursed pursuant to the Plan, will revest in the Chapter 7, estate. The automatic stay will be reimposed upon the revested property, but only to the extent that relief from stay was not previously authorized by the Court during this case.

Case 1:24-bk-10371-MB Doc 99 Filed 08/20/24 Entered 08/20/24 17:41:50 Desc Main Document Page 35 of 52

The order confirming the Plan may also be revoked under very
limited circumstances. The Court may revoke the order if the order
of confirmation was procured by fraud and if the party in interest
brings an adversary proceeding to revoke confirmation within 180
days after the entry of the order of confirmation.
G. Final Decree
Once the estate has been fully administered as referred to in

Bankruptcy Rule 3022, the Debtor shall file a motion with the

Court to obtain a final decree to close the case.

DECLARATION OF MICHAEL MOLLOY

I, MICHAEL MOLLOY, declare:

- 1. I am the Secretary of Debtor in Chapter 11 case number 1:24-bk-10371-MB. As such, I have personal knowledge of the facts stated herein, and if called upon to testify thereto, I could and would do so competently and truthfully.
- 2. Attached as Exhibit A is a true and correct copy of Debtor's assets and their liquidation value.
- 3. Attached as Exhibit B is the Income and Expenses for March 2024 through July 2024 as well as projected cash flow from the projected effective date of the plan (October 2024) through the proposed 60 month plan term. I created the projections using the following data:
 - a. I looked at the historic performance of the company in order to determine an estimate for seasonal fluctuations in the business. The summer months are the busiest and generate the most revenue as our most significant revenue is from the air conditioning installation and service (including mini-split systems). We have a slight increase in the winter months due to portion of our business that generates revenue from installation and servicing of heating systems. The mild climate months historically have the lowest revenue;
 - b. Certain line items such as costs of inventory and equipment, lead generation costs, subcontractor payments, sales commissions, costs of permits are directly tied to revenue. During the mild climate months where business is slower, each of these expense items are also lower and this is also reflected in the projections;
 - c. The projections differ from past performance in a few categories. We moved our office to a smaller location and, as a result, now have lower monthly commercial lease payments and lower utilities. We also found less expensive insurance for both the general liability and the automobile coverage.
- 4. Attached as Exhibit C is a list of claims.

I declare under penalty of perjury according to the laws of the United States of America that the
